until then.

Mine Workers presented an inch-thick list of demands ranging from higher wages to safer working conditions as crucial contract negotiations began today with the nation's coal operators.

UMW president Arnold Miller and his team of negotiators sat down at the Hay-Adams Hotel with representatives of the Bituminous Coal Operators Association in an effort to reach agreement on a new industrywide contract before the present three-year pact expires Nov.12.

The union represented 115,000 miners who produce about 75 per cent of the nation's coal.

Miller and Walter C. Wallace, president of the operators association, were expected to discuss the union proposals at a news conference scheduled later in the 'day

Miller met privately with President Ford on Monday at the White House's invitation, a session which underscored the administration's concern over the contract talks. Although both sides are hopeful of reaching a peaceful settlement, most industry officials expect

Details of the union's proposals have not yet been released, but spokesmen have said the package is broad enough to allow UMW negotiators plenty of room in which to bargain.

"I don't have to tell you we don't get everything we want," Miller told a Labor Day rally at Danville, W.Va. "When I think we have everything we

WASHINGTON (AP) - The United can get, I will ask you to ratify and not

But while some areas are open to bargaining, the BCOA team is expected to face hard union positions on certain issues that will form the core of Miller's proposals. Among them are:

Wages. Because of inflation, Miller wants wages advanced from the present \$42.50-\$50 range and feels industry can afford higher pay now that coal prices are soaring. The union also wants an escalator clause to cope with

higher consumer prices in the future. -Mine Safety. The UMW especially wants to broaden and clarify the rights of mine safety committees to shut down mine sections when conditions are considered unsafe. A spokesman said

lighting for the taxiway, and radiocontrolled activation system for both

Woodmansee further explained that the medium intensity lights require only 47-cent bulbs which burn for 6,000 hours. The present system requires bulbs which cost \$2.40 each and burn for only 700 hours. The reduced cost of light bulbs added to the savings of the radio-activated lighting facility will pay for the improvements within three to four years, Woodmansee said.

He said that presently the runway lights are left on throughout the night. The new system would allow the lights to be kept very dim except during the approach of an aircraft. The pilot would then activate the lights by radio, bringing them to full intensity. They would remain brightly lit for only 15 minutes before returning to the dimmer state.

Total cost of the materials involved has been estimated at approximately \$1,700 and the pilots association asked that the county share the costs, saying that it would provide the labor for the work. The commissioners noted that they are eager to assist those who are willing to contribute themselves and pledged to share the expense up to \$850.

TOWNSHIP TRUSTEES from Paint, Green and Marion townships have sought and received the assistance of the county commissioners for roadwork in those townships. The commissioners had agreed to provide the equipment and labor for the work if the township governments would pay for the materials, which the three townships did. The cost of the materials is estimated at \$5,564 in Paint Township, \$8,505 in Green Township, and \$24,542 in Marion Township.

A similar agreement resulted in recently completed work in Concord Township. The bill for materials in that project was estimated at \$6,914.

Ford confers twice today with his economic advisers to move along plans for the White House conference on inflation. The inflation parley of economists, political figures and business and labor leaders is set for Sept. 27-28.

L. William Seidman, executive director of the conference, joins Kenneth Rush, the President's economic counselor, and Alan Greenspan, chairman of the Council of Economic Advisers, in meeting with

Ford in the morning. An expanded group of economic advisers then will meet for an hour with

Ford in the afternoon. Ford also received some unofficial economic advice Monday when Meany,

Meany said "the past five and a half years of deceit and deviousness" have caused people to blame government not business and labor — for the nation's economic woes. But that will change under Ford's administration, Meany said.

"Straight talk is this President's long suit and that is what the country and

her people need," he said. Meany, president of the AFL-CIO, went on to assert that the current inflation is not caused by excessive demand and, therefore, that "budget cuts, high interest rates and tight money — which might be appropriate weapons against excessive demand

Another labor leader, Arnold Miller, president of the United Mine Workers, met with Ford on Monday and promised his union's support for the inflation conference.

Miller was among some 200 representatives of business, labor, Congress and the Ford cabinet who witnessed the signing of the pension bill, formally known as the Employe Retirement Income Security Act.

Among other provisions, the law sets government standards for the funding and operation of private pension plans. It also establishes a government agency to manage a pension insurance fund to pay benefits in cases where pension

# Family grocery bill up again in August

**Associated Press Writer** Higher prices for everything from peanut butter to pork chops helped push up the family grocery bill again during August, according to an Associated Press marketbasket survey.

The survey showed that the marketbasket has risen 11 per cent so far this year and prices are 14 per cent higher than they were 12 months ago.

The AP checked the prices of 15 food and nonfood items in 13 cities on March 1, 1973 and has rechecked at the beginning of each succeeding month.

The latest check, at the start of the Labor Day weekend, provided little encouragement for consumers. More than 40 per cent of the total

number of items checked went up during August. Eggs were up in every city checked — although they generally were cheaper than a year ago when \$1a-dozen eggs prompted consumers to seek other sources of protein.

Sugar continued its seemingly relentless rise, increasing in 11 cities during August. Pork chops were up in eight cities, reflecting higher prices

Locally, volunteers received \$333.11 in cash and \$2,384 in pledges. . . This total was just barely higher than the county donated last year when \$88.10 in cash was collected in addition to \$2,539 in pledges.

The local headquarters during the telethon was located in the Country Room of the Washington Inn and was manned by 28 area residents.

Volunteering their time to the fight against the dreaded disease were Sandy Fackler, pledge center coordinator, Brian See, Richard Humphrey, Rich Aleshire, Susan Tolle, Marilyn Achor, Dorothy Alseshire, Theresa Tate.

The sugar increases have been the largest in the AP marketbasket. Since last September, the price of a fivepound sack of granulated sugar has risen an average of 143 per cent, jumping from 74 cents to \$1.80. The increases ranged from 129 per cent in Boston, where the price went from 79 cents to \$1.81, to 202 per cent in Atlanta, where it rose from 64 cents to \$1.93 over the 12-month period.

## **Hurricane Carmen** leaves 3 deaths

MERIDA, Mexico (AP) — Hurricane Carmen lost much of its force early today as it crossed the Yucatan peninsula and headed into the Gulf of Mexico, but was expected to regain strength as it moved over open water.

Three dead were reported in its path. The storm's broad and disorganized center was located early today about 50 miles east of Campeche at latitude 19.1 north and longitude 90.5 west, and the center winds had dropped to a minimal

hurricane force of 75 m.p.h. Carmen was expected to move into the Bay of Campeche today, but forecasters at the National Hurricane Center in Miami said it was too early to predict what areas of land might be threatened once the storm reached open water.

With top winds of 175 miles per hour as it hit Yucatan's east coast Monday, Carmen was the strongest storm to come out of the western Caribbean since Hurricane Hattie in 1961. But though Hattie killed 250 persons in Belize, the capital of what was then British Honduras, the only casualties reported so far from Carmen were three persons drowned last weekend near Kingston, Jamaica.

Carmen hit Yucatan in the southern part of the state of Quintana Roo, and Gov. David Gutierrez reported late Monday night: "We have material damage such as destroyed homes, fallen trees and electric and telephone lines. But there are no victims.

The governor said he was sending plane crews today to two villages on the coast that had not been heard from.

Other sketchy reports from Chetumal, the capital of Quintana Roo, said at least 2,300 of the town's 10,000 people had been driven from their homes, and tides were 15 feet above

Carmen moved slowly across the Yucatan peninsula Monday, advancing at less than 10 m.p.h. Only small set-

tiements of Mayan indians were in it path, and the noted, centuries-sold Mayan ruins were considerably to the

north. Meanwhile, Becky, the season's first hurricane, was downgraded to a tropical storm as it continued to lose strength today in the open North Atlantic far from land.

### Super synthetic motor oil to last for 40,000 miles?

DETROIT (AP) - A small oils are not new. Germany developed petroleum firm is promoting a new 'super' synthetic motor oil for autos it says can last up to 10 times longer than conventional lubricating oil.

Pacer Petroleum Co., of Houston, Tex., says its sales are "growing like weeds." But Detroit's Big Three auto makers say they aren't ready for an oil change. They are making tests of their

own, however. And they are interested. Pacer's Sol Levy says cars using the firm's EON E-11 synthetic oil can go 40,000 miles between oil changes. U.S. auto makers recommend conventional oil changes every 3,000 to 6,000 miles.

Levy also says E-11 provides better protection for engine parts, causes less engine wear and results in better fuel economy than petroleum oils. However, E-11 sells for \$5 a quart,

compared with less than \$1 a quart for conventional oil. But Levy says in the long run it is less expensive because E-11 users buy one-tenth as many quarts

over 40,000 miles of driving. Outside the auto industry, synthetic

them during World War II and the aircraft industry has used them for

About a half dozen companies market such oils. Pacer is the first to offer the product nationwide for auto

Levy estimated more than 250,000 cars now use the product, and the company expects \$6 million in sales

this year "It's just unbelieveable the way it's taken off," he said.

Pacer is advertising heavily in Detroit, a market which can make or break a new auto product. Ads plug E-11 as the oil used in Houston police cars and boast the oil "never needs to be changed.'

The auto makers, while not rejecting Pacer's claims outright, express skepticism about the "super oil." They say synthetic motor oil needs more testing before the firms can either reject or recommend it for use in their

## Set hearing in Texas murder case

HOUSTON, Tex. (AP) - David Owens Brooks, a young father accused of murdering four of the 27 victims in Houston's mass slayings case, is due in court for pretrial hearings today.

Ted Musick, Brooks' lawyer, says he will ask state District Court Judge William M. Hatten to set a sanity trial for Nov. 4 for the 19-year-old defendant. whose 7-month-old child was born after he was jailed.

The jury would determine if Brooks is now sane and competent to help in his defense on the charges. If the jury decides he is, a trial on the first of four cases would be set.

Musick said if Brooks is ordered to stand trial, he will seek a change of venue and enter a plea of temporary insanity. A ruling of insanity would preclude prosecution and Brooks could

be sent to a mental hospital. Another defendant in the mass slayings, Elmer Wayne Henley, 18, was found guilty in six of the deaths. Henley was sentenced to 595 years in prison by a jury in San Antonio, where his case was moved on a change of venue.

The mass murders were uncovered after Henley telephoned police on July 8, 1973, and told them he had shot and killed Dean A. Corll, 33. Henley and Brooks both gave statements to police and led them to three sites where the bodies of 27 youths were found. Corll's death was ruled self-defense.

During Henley's trial in July, prosecutors told of teen-aged boys being lured to Corll's home in the Houston suburb of Pasadena where they were homosexually raped and then murdered.

The purpose of the public meeting is to gather the opinions of area residents to the new proposals before extensive

planning goes into the projects. The exact format of the meeting and prior releases of information has not yet been determined, but state officials indicated that they were genuinely interested in receiving feedback from the community as to how area residents felt about the proposals. They said an effort would be made to acquaint the public with the proposals prior to the meeting so that residents would have time to consider the proposed projects before the date of the meeting.

Elm St., when Miss Wilson became crowded by a truck, according to her statement. Damage was moderate to her car, severe to the first parked auto and moderate to the second. She was uninjured.

SUNDAY, 8:42 p.m. - A rear-end collision involving cars driven by David L. Payton, 54, of 917 Washington Ave., and Jeff A. Darif, 17, of 727 Carolyn Rd., occurred at the intersection of Columbus Avenue and Wilson Street. Damage was moderate to both autos and Payton was cited by police for not maintaining an assured clear distance ahead.

4:21 p.m. — Another rear-end collision occurred at the entrance to Fayette Memorial Hospital, 1430 Columbus Ave., between cars driven by Connie L. Dean, 19, Hess Road, and Linda L. Seyfang, 26, Dayton. Damage was minor and no one was injured or cited.

2:15 a.m. — A car driven by Terry L. Farmer, 18, Jeffersonville, went out of control, jumped a curb on North Street and struck a small tree owned by Grace Methodist Church, 301 E. Market St. Damage to Farmer's car was moderate and police cited Farmer for reckless operation and driving while intoxicated.

2:25 a.m. - A truck driven by Harold E. Johnson, 29, Stafford Road, struck a car driven by Emery W. Lucas, 57, of 336 Lewis St., while traveling west on W. Court Street, near the Water Street intersection.

Police reported Johnson's tire blew upon hitting the railroad tracks, causing his vehicle to strike Lucas' auto, travel left of center and off the south side of the bridge and narrowly miss hitting a telephone pole.

Johnson was charged by police with driving while intoxicated. Damage to his truck was slight and damage to Lucas' auto was moderate.

SATURDAY, 11:25 p.m. — An accident involving cars driven by Charles H. Huffman, 58, of 903 S. North St. and Dustin A. Ruth, 18, of 248 S. Main St., occurred in Frisch's parking lot, Clinton Avenue. Poor visibility due to heavy rain was blamed for the mishap which resulted in minor damage to the Ruth auto.

5:01 p.m. - An accident at the intersection of North Street and Eastern Avenue involved cars driven by Lester E. Sanders, 17, of 1104 N. North St., and William J. Bryan, 52, of 721 Eastern Ave. Damage was minor and Sanders was cited by police for no operator's

FRIDAY, 10:55 p.m. — A car driven by Mary J. Tolle, 32, Jeffersonville, struck a parked car belonging to nia M. Reed, 101 W. Court St., while backing from a parking space in the municipal parking lot, S. Fayette St. and the impact caused the Reed car to strike another parked car owned by Giben V. West, 1113 Campbell St.

Police reported Ms. Tolle was involved in a second mishap, immediately following the first, on East Street, near the Fayette Street intersection, which she struck a parked car belonging to Jerry H. Brown, 152, Washington Manor Court, causing it jump forward and collide with a parking meter.

Police charged Ms. Tolle with reckless operation, leaving the scene of an accident and failure to obey a traffic

### SHERIFF

SUNDAY, 11:15 p.m. - A car driven by Melodie A. Schiltz, 16, of 504 Peabody Ave., went out of control on a right curve on Mount Olive Road, one and four-tenths miles north of the CCC Highway-W intersection. The car went off the road, into a ditch and traveled 66 feet in a corn field owned by Robert Willis, Bush Road, before stopping. Neither Miss Shiltz, nor her three passengers were injured.

3:30 a.m. — A car driven by John W. Howard, 27, London, failed to negotiate a sharp left curve on Ohio 38, near the town of Yatesville, and struck a fence owned by Robert C. Haigler, Bloomingburg. Howard was cited by sheriff's deputies for reckless operation and driving while under license suspension.

1:35 a.m. — A car driven by Bobby D. Elzey, 26, Ford Road, was demolished when he failed to negotiate a left curve on Ohio 41, three-tenths miles south of the Parrott-Station Road intersection. Elzey's car went off the road, traveled 300 feet in the ditch, struck a fence owned by Arthur Pettit, Route 4, and

then turned over on its right side. Elzey was uninjured in the mishap and told investigating sheriff's deputy Larry Camp, his windshield wipers had stopped working just previous to the accident. It was raining at the time.

SATURDAY, 8:45 p.m. — A mishap involving a vehicle driven by John E. Rankin, 19, Sabina, occurred on Bush Road, seven-tenths miles south of the CCC Highway-W intersection.

Rankin had failed to negotiate a sharp right curve and traveled left of center off the road, colliding with a farm fence owned by Henry Floyd, Hamilton. Damage to the vehicle and fence was estimated as moderate and Rankin was charged with driving left of center by sheriff's deputies.

Additional prime issues will be streamlined grievance procedures, sick pay (the miners currently have none), and increased per-ton royalties paid by the companies into the miners' Welfare and Retirement Fund.

If talks bog down on any of these key points, or if the package presented to the miners for ratification does not treat them to the satisfaction of the increasingly militant UMW members, the chances of a lengthy strike after Nov. 12 increase sharply.

# **New Jersey** city rocked by violence

NEWARK, N.J. (AP) — A relative calm settled over Newark early today after two days of disturbances that included massive demonstrations by Puerto Rican residents protesting alleged police brutality. Two men were wounded by gunfire and more than a dozen other persons were injured.

On Monday evening, hundreds of demonstrators pelted City Hall with stones and shattered windows in businesses along Broad Street, the city's main thoroughfare. Fire officials said a series of fires of suspicious origin broke out, and a firebomb was thrown into a Roman Catholic convent.

The violence followed by one day disorders at a Puerto Rican picnic in Branch Brook Park. Puerto Ricans charged that police used excessive force in breaking up that melee.

Two men were shot at the picnic, a child was trampled by a policeman's horse, several persons were injured by thrown objects and four vehicles were burned. Authorities did not say what caused the disturbance or who fired the Mayor Kenneth A. Gibson had said

early Monday evening, "The most important thing is to have the people of Newark understand that we have a critical situation on the streets." He asked residents of this city of 400,000 to stay indoors.

# Health insurance delay

It is depressing to find that in only a few days the brave hopes of action on national health insurance before Congress adjourns have been badly eroded. When President Ford urged enactment of legislation in his message to the joint congressional session, that gave the enterprise a much needed filip.

Or so it seemed. Now Chairman Wilbur D. Mills of the House Ways and Means Committee, which must originate such legislation, says that

a deadlock over various widely differing proposals all but precludes early action.

We submit that this borders on irresponsibility. Public sentiment appears to be strongly in favor of congressional action which would spread out the cost of health insurance over the entire population. Congress has had bills on the subject in the hopper for several years, and there is a long record of detailed consideration of alternatives dating

back to the Truman administration. Yet nothing is done.

Something had better be done soon. It can validly be argued that health resources are not yet fully geared to meet the demands that would be imposed by such legislation, but a start must be made. It is disquieting that after all this time Ways and Means still cannot work out a reasonable

It was an invasion of a privacy carefully preserved by the Rockefeller clan. One of the rarest luxuries today, the Rockefellers have preserved their privacy thanks to a collective fortune vast as any in the world. It is the kind of simple lief only a large income makes possible.

Public life is nothing new to the fourtimes governor of New York who hold over the years so many appointive positions in the federal government. The vice presidency is, however, different in that it is a constitutional office requiring confirmation by the Senate and the House.

If he is concerned over the loss of his privacy and the fact that congressional committees will comb over the mountain of the Rockefeller fortune, he shows no sign of it. On the contrary the eagerness, the zest, long a characteristic of the public man, is uppermost as he contemplates his new life.

Naturally his political rivals in New York have been green with envy at the advantage his money gave him. One such rival weas former Mayor John V. Lindsay. In the midst of one of the many feuds between Rockefeller and Lindsay, the Mayor turned on this reporter to demand indignantly:

"Why don't you tell the truth once in a while? Why don't you say that Rockefeller's personal fortune is \$1.2 billion. So what does he care if he spends \$15 or \$20 million on an election campaign?'

Inquiry directed to those with some knowledge indicated that \$1.2 billion was high as an estimate of

racial ills

By DAVID TREADWELL **Associated Press Writer** 

TOLEDO, Ohio (AP)-Burt Silverman, newly appointed head of the Ohio Civil Rights Commission, looked at the mounting stack of cases slated for his first commission meeting and

"There must be a better way." So he set a committee to work on finding an alternative to the lumbering process of having each case-4,313 of them last year-brought before the commissioners.

The committee has promised him an answer by the end of the month, Silverman said.

"I think something can be worked out so that many cases can be resolved rapidly and equitably at lower levels," he said.

Looking for better ways may well become the motto of the 55-year-old Toledo public relations man named last month by Gov. John J. Gilligan as OCRC chairman.

Silverman feels that conciliation should be used to settle disputes, so that both sides get a fair shake.

"The problems we are dealing with are human problems," he said. "I don't think you should use an iron hand and force a decision down the throat of either the minority or the majority."

Silverman attributes much of today's backlash to the way racial problems of the 60s were settled.

Joe keeps nagging me for more. He says he "loves" kids. Well, I love them, too, but he is making it very hard for me to raise them right. If I say no, he says yes. When I tell

the kids to go to bed and they beg to stay up later, he says: "Aw, why do you have to be so strict? Give 'em an extra half hour." An he says this right in front of the kids! If I don't go along with him. I am made to look like the mean

You always say the husband and wife should be on the same team, but how do you get a husband on your team when he always wants to be the "hero?"
CAN'T WIN FOR LOSIN'

DEAR CAN'T: Tell the "hero" (and. not in front of the kids) that children NEED to know what they may and may not do, and parents who allow themselves to be manipulated are doing their children an injustic. Mom and Dad should make those decisions together and stick with them. Always be fair and just. But firm. That's parental love in action.

DEAR ABBY: I am living at home and my boyfriend, who lives out of state, is on a very limited income, so he has been writing airmail postcards instead of letters. He writes every day.

My mother has been reading his postcoards. I am sure of it because she seems to know everything he has written on them. He sometimes gets a little mushy and also writes some short poems which I consider beautiful, but very personal. I told my mother that I would ap-

preciate it if she would NOT read me postcards, and she said anything written on a postcard could be expected to be read by the mailman and anyone else who handled it.

Abby, I feel that if a person has real character he will not read even a postcard. What do you think? **OKLAHOMAN** 

DEAR OKIE: I think it is foolish to expect that which has been written on a postcard to remain confidential. Suggestion: Give your boyfriend his Christmas present early, and send him some airmail postage stamps.

CONFIDENTIAL TO BARRASSED NOW": My medical experts inform me that Herpes 2 should not (repeat NOT) be classified as a veneral disease. Although it is possible to contract it through sexual relations. it is by no means the ONLY way. No need for you to be embarrassed.

**AP Television Writer** NEW YORK (AP) - "Give Me Liberty," the first of seven historical dramas the 3M Co. is bankrolling as part of the American bicentennial binge sweeping TV, makes its national debut tonight.

A request: Please be patient with it, because it's one of those maddening shows that is wretched at the start, hokey at the ending and reasonably welldone midway through its 90

The series, transmitted nationally by the Hughes Television Network, stars Robert Culp as a sort of American Everyman participating in major turning points in this nation's history, from 1774 to the late 19th century

In tonight's show, he's Robert show doesn't move from awful Freeborn, an itinerant peddler making his rounds in valleys of Virginia in the turbulent months preceding the first shots for freedom from British rule.

While packing his kit bag full of ribbons British-made needles and seditious ballads, he tells the audience he supports no cause except selling his

The Washington role is handled well by Fritz Weaver and the scenes at Mount Vernon involving slaves, discourses on sedition and the Continental Congress - are fairly interesting and entertaining.

Alas, the show slips back into pageantry when Culp later meets with two of the nation's founding fathers -Samuel Adams and John Hancock and warns of British troop movements in Boston.

The British do come, there's a brief skirmish at Lexington which Culp Indian is slain trying to escape. But the watches but doesn't participate in.

NEWEST THING IN BANKING - Richard Whiteside, right, president of the Washington Savings Bank, discusses the operation of the Handy-Bank with Eli Craig, the bank's marketing director. The new facility provides 24hour, full-service banking for Washington Savings Bank customers who have either Master Charge or Handy-Bank cards.

# Savings Bank introduces

The Washington Savings Bank's introduction of 24-hour banking to Fayette County effective Sept. 1 adds another link to a growing network of interchange banking throughout Ohio. This exchange is made possible through the bank's affiliation with Huntington Bancshares, Columbus, an Ohio bank-holding company of which the Washington Savings Bank is an affiliate.

Other Bancshares member banks included in the interchange include the Huntington National Bank, Columbus; the Lucas County State Bank of Toledo; the Bank of Wood County Company, Bowling Green; Lagonda National Bank in Springfield, and the First

In announcing the installation of the Handy Bank in the area, Richard E. Whiteside, president and chief executive officer, said, "This is another big step in taking banking to the people. Our bank introduced drive-in banking to Washington C.H. and Fayette County

more than 85 per cent of normal banking business on a round-the-clock basis every day of the year. Alarm clocks began popping off teachers met Friday morning for a special meeting. The keynote speaker was Dr. John O'Donnell, of the

University of Dayton. A popular lecturer, Dr. O'Donnell has served on the staffs of Penn State and Rutgers universities. He has lectured in California and Puerto Rico and once had a television program concerning the new math on a Dayton station.

He stressed the importance of creating an environment for the student, rather than simply reacting to that which comes up by chance. The address, a survey child psychology sparkled with humor, was extremely well received by the district's teachers.

Following Dr. O'Donnell's address, Edwin M. Nestor, superintendent of city schools, added some general remarks and announcements. He pointed out the great opportunities provided by the creation of the Laurel Oaks vocational school.

He asked that the teachers familiarize themselves with the programs, some 50 in all, that are available at the school. "It is important to bear these course offerings in mind when making suggestions on career and educational plans to the students. Each teacher has in part the responsibility of counseling the individual students, and the opportunities at Laurel Oaks cannot be overlooked," Nestor added.

David Stone, president of the City Teachers Association, spoke briefly, and then 18 new teachers were introduced.

During the afternoon, the teachers were involved in discussion groups and workshops under the direction of their respective school principals.

### Dean opens prison term

WASHINGTON (AP) - John W Dean III, the principal accuser of former President Nixon in the Watergate scandal, is starting a one-to four-year prison term today.

He is scheduled to surrender to federal marshals. It was expected that he would be confined initially at Ft Holabird, Md., so that he will be available to testify at the Watergate coverup trial which is to begin here Sept. 30.

Dean pleaded guilty last year to a charge of conspiring to obstruct justice in connection with the cover-up of the 1972 Watergate break-in. He has already served as a prosecution witness in other Watergate-related trials.

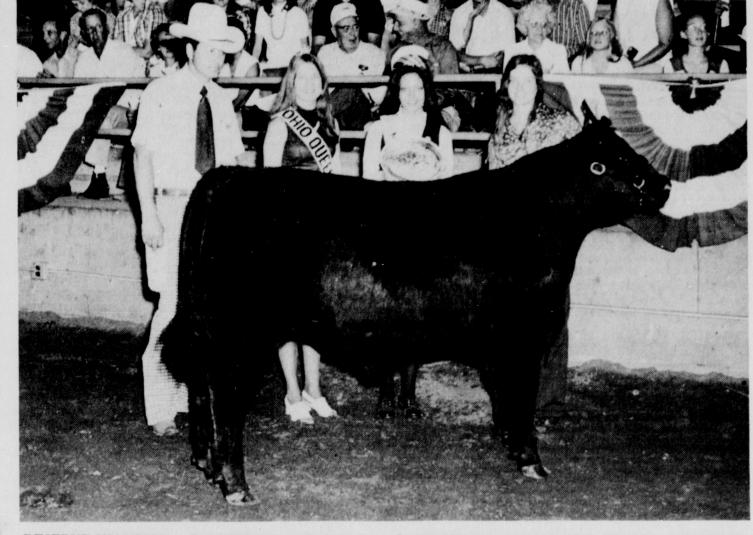

U.S. District Judge John J. Sirica sentenced Dean on August 2 and gave him until today to arrange his personal business and prepare for prison. Sirica said that he would recommend that Dean, 35, spend his sentence in the minimum security prison in Lompoc,

# State fair ends; plagued by rain

1974 State Fair came to an end Monday night with sprinkles of persistent rain that marred the last several days and probably prevented a new attendance

Still, officials of the 12-day exposition were heartened by record gate receipts and the fact that total attendance went well beyond the two million mark.

They listed admissions for the final day of 124,861 and said the final day's figures brought the 1974 total to 2,167,296. That's 56,243 less than last year's record 2,223,539.

Gate receipts were above last year as a result of higher admission prices. This year, adults had to pay \$2 instead of the former \$1.50, while children's admissions went from 25 cents to 50 cents. Children under 12 were admitted free up to noon each day, however.

Fair officials said the official figures on the gate receipts will not be available for several days when an audit is completed. The exposition is

Miami Trace and Washington Court House high schools held their "Meet The Team Night", Saturday evening. Attendance at both events was reported as excellent.

Following the introduction of players and cheerleaders, Miami Trace scrimmage Waverly. The Tigers proved to be no match for the powerful Panthers as Miami Trace won a convincing 38-6 victory.

Halfback Tom Pfaff scored two of the Panthers' touchdowns. One of his scores came on a 42-yard run and the other came from six yards out.

Quarterback Tom Riley hit paydirt with a 34-yard scamper, while reserve fullback Bill Warnock crossed the goal line from four yards away. The other touchdown came when reserve quarterback Art Schlichter connected with tight end Jay Mossbarger on a 38yard scoring pass.

Halfback Kent Smith scored twice on conversion points. Schlichter and Warnock each added two points on conversions.

'With this type of a game, we were able to get a good look at a lot of kids,' remarked Panther coach Fred Zechman. "I was happy that we were able to score quick.

Miami Trace's defense caused the Tigers to commit nine fumbles. The secondary, which Zechman said he was very pleased with, knocked down five passes and intercepted two aerials.

### Jerry Pate winner of Amateur Golf

RIDGEWOOD, N.J. (AP) - Jerry Pate has missed six days of classes at the University of Alabama — usually not a smart move for a marketing major.

But Pate, a 20-year-old senior from Pensacola, Fla., needn't worry - he did so with the blessing of Alabama's Paul "Bear" Bryant, better known as the Crimson Tide football coach but

also the school's athletic director. The 6-foot-1, 165-pound Pate captured amateur golf's top prize on Saturday, the U.S. Amateur Golf Championship, defeating John Grace, a 26-year-old realtor from Fort Worth, Tex., 2 and 1 in a scheduled 36-hole match.

### Zechman's top three inside tackles on offense missed the game. Bill Brundage and Don Dunton each were out with injuries, while Steve Wilson came down with the flu on the day of the game.

Outside tackle Rex Lane was moved into the inside tackle position just an hour before game time. Zechman praised him for the job he turned in with the lack of experience at the position.

Zechman also praised the steady performance of guard Jack James and the receiving of Mossbarger and Jeff Smithson. Mossbarger's pass receptions nearly netted 75 yards, while Smithson made some clutch first down catches.

"Defensively, I thought Riley did an excellent job of firing out of his tackle "position into the Waverly backfield," Zechman added. "Bruce Ervin was very aggressive at outside linebacker and I was very impressed with the hitting of reserve cornerback Bob Phillips.

Ron Warnock turned his best performance of the season on defense. However, he suffered a mild concussion and will be held out of contact until the Springfield Northeastern game this Friday

With the wet weather Monday, the Panthers held the majority of practice in the gymnasium. They did go outside for their kicking game. Eleven of the 50 players did not dress because of injuries or illness.

At Washington, coach Maruice Pfeifer held a skull session with his players. The Lions worked on their kicking game and looked at their offense and defense against the defense and offense of Bishop Ready.

# Rams tapped to take division

By BEN THOMAS

AP Sports Writer The National Conference West could turn out to be the National Conference Best in the divisional races of the National Football League this winter, but the odds-on favorite role must go to the Los Angeles Rams.

The Atlanta Falcons, however, are starting off with the war cry: "Playoffs - the only payoff." If the Falcons don't make the playoffs this time, then Norm Van Brocklin, the Atlanta coach, could be in Dutch.

San Francisco had a disappointing season in 1973 after winning the divisional title and a playoff berth in the two previous years, but the 49ers still appear to have the potential to make a stab at the playoffs this year.

The 49ers finished last in the division in 1973, quite a comedown after first place the previous season.

Actually, they tied the lowly New Orleans Saints for third place behind the Rams and the Falcons, but since there are only four teams in the division, a third-place tie amounts to a last-place finish.

Then there are the Saints. This doesn't appear to be the year for them to go marching in, but New Orleans seems to be vastly improved as John North starts his second season as coach. There's no way the Saints can be completely counted out at the start.

The Rams have talent, depth and Chuck Knox, the former Detroit assistant who coached the team to a 12-

And if that isn't enough, the Rams have a prize rookie in John Cappelletti, the 1973 Heisman Trophy winner from Penn State, plus the return to action of Lance Rentzel, suspended from football for a year by Commissioner Pete Rozelle for his off-field behavior.

The Rams made two key trades prior to the 1973 season which helped result in Los Angeles leading the league in total offense and points scored. Quarterback John Hadl came from San Diego and pass-catcher Harold Jackson from Philadelphia. Hadl, with the retirement of Johnny Unitas, is now No. 4 on the yardage-gained list of active NFL quarterbacks. Jackson led the league in touchdown catches last year with 13.

In Larry McCutcheon and Jim Bertelsen, the Rams have a duo of runners hard to equal in the NFC. McCutcheon, a bench-warmer for his rookie season of 1972, was the No. 3 NFC ground-gainer last year with 1,097 yards. Bertlesen, with 854 yards, wound up eighth.

With this pair, plus veterans such as Tony Baker and Les Josephson, no wonder Cappelletti may be hardpressed to make the team.

An offensive line seldom receives credit, but the Rams have one that consists of center Ken Iman. unheralded except by his teammates and opponents, as well as guards Tom Mack and Joe Scibelli.

In addition to Jackson and Rentzel. the receiving corps includes veteran Jack Snow, plus a promising rookie, Ananias Carson, from Langston and tight end Bob Klein.

The Ram defense, league leaders in 1973, consists of a front four of Fred Dryer, Jack Youngblood, Larry Brooks and Merlin Olsen with Merlin's younger brother, Phil, backing them up. Isiah Robertson heads the linebackers and the secondary which includes Steve Preece and Dave Elmendorf should be even better than

"When Playthe Falcons — last year when the young boy picks you No. 1 you don't feel the quarterback took over the field genpressure, but when the writers and eralship of the team. He led Atlanta to broadcasters pick you No. 1 the seven straight victories.

He could be pressed this season by Pat Sullivan, another erstwhile Heisman winner who enters his third pro season and could be ready to start coming into his own.

Injuries plagued Atlanta's two best receivers last year, Ken Burrow and Al Dodd, but they apparently will start the 1974 campaign in good health. The Atlanta running attack features Dave Hampton, who for the second straight year just missed the 1,000-yard plateau.

Atlanta has a defensive Front Four that doesn't have to take a backseat to any in the league - defensive ends Claude Humphrey and John Zook and tackles Mike Tilleman and Mike Lewis. Toss in a linebacking crew that includes Tommy Nobis and a secondary which helped Atlanta win the pass defense crown in the NFC last year and you have the ingredients of a first-class defense.

**New Orleans Saints** John North performed some minor

miracles with the Saints last year.

### Nicklaus wins golf tournament

ATLANTA (AP) - Jack Nicklaus, disappointed over not winning any of major tournaments, says his triumph in the \$250,000 Tournament Players Championship "has salvaged the year for me.'

Nicklaus put on one of his patented charges over the final round which began Sunday and concluded Monday morning due to torrential rainstorms.

The 34-year-old "Golden Bear" took home the \$50,000 first prize when he strung together six birdies en route to a 67 and a course-tying 72-hole total of

J.C. Snead, the third-round leader, equaled par 72 on the final round for a 274 total, two strokes behind Nicklaus over the 6,883-yard Atlanta Country Club course.

"I didn't want to let this one get away from me once I got in a position to win," Nicklaus said Monday. He was three shots behind Snead after the third round Saturday but regained his putting touch over the final 18 holes to overtake the nephew of famed golfer

It was Nicklaus' first triumph since winning the Hawaiian Open in February and gives him 53 tour victories in addition to \$2,217,476 in earnings for his career. It also gave him \$208,307 in earnings for the season, second to Johnny Miller, who has \$256.383.

North was named head coach toward the tail end of the exhibition season but for the first three regular season games, he saw the New Orleans team yield 116 points while scoring only 17.

Then the Saints surprised four of their next five opponents - including the Washington Redskins and Buffalo Bills, holding O.J. Simpson to a mere 79 vards, one of his lowest rushing outputs of the season.

New Orleans quarterback Archie Manning feuded with team owner John W. Mecom Jr. during the off-season, but the offensive fortunes of the Saints still rest largely on the former University of Mississippi star.

The Saints have largely a young team. The bulk of the roster is composed of players with four or fewer years NFL service and consists of names very few people, including the New Orleans' fans, ever heard of. The Saints recently swapped pass-

catchers with Cleveland, sending Jubilee Dunbar to the Browns in exhange for Fair Hooker, who will now team with Bob Newland and tight end John Phillips. The running corps — in addition to

Manning, always a threat on the ground - is headed by Jess Phillips with rookie Rod McNeil expected to see considerable service. The Saints, like most of the NFC West

teams, have a tough schedule this year. The team's won-loss column may not improve, even if the team does.

Dick Nolan took over the 49ers with a

bang in 1971 — coaching San Francisco to the playoffs his first two seasons. Last year was a different story Quarterback John Brodie passed his prime and while Steve Spurrier, still

# Cleveland rallies to defeat Bengals

COLUMBUS, Ohio (AP) - Greg Pruitt says the Cincinnati punt return coverage is so good it helped him unleash a 94-yard bomb on the Bengals.

"I watched the films all week and the Bengals have such discipline their guys stay in field and very seldom cross over after you," said the University of Oklahoma scooter.

"I knew if the timing was right, picked up the blocks and got clear, I could do it. I had that feeling before the game I was going to run back a kick-off," added Pruitt.

Pruitt's run and two Cleveland touchdowns in the last 30 seconds snapped Cincinnati's perfect exhibition season, producing a 21-17 victory Sunday in Ohio Stadium.

Paul Brown, however, hinted the Bengals' kicking coverage needed much more work before the rivals meet Sunday, Sept. 15, in a regular season NFL opener in beineinnati.

"We failed to cover the fake punt and the onside kick," Brown said. "And that's all part of the game.

"The mistakes couldn't come at a better time for our players to find out they are part of the game," he added. Cleveland kicker Don Cockroft faked

a punt on a fourth-and-10 situation at the Cleveland 48-yard line.

Instead, he teamed with Van Green, normally a safety, for a 12-yard pass play. The surprise strategy kept alive a Cleveland surge that narrowed the lead

Billy Pritchett ran two yards for the touchdown with 30 seconds left.

On the ensuing kickoff, the Browns' Mark Ilgenfritz recovered an onside kick at the Browns' 48. Four plays later, Mike Phipps passed 19 yards to Milt Morin for the game winner with six seconds to go.

So the Bengals now prepare for a game against Green Bay in Milwaukee Friday night. Cleveland's final exhibition foe is host Detroit Saturday

Oakland emerged with a 20-19 victory, thanks to a 74-yard scoring strike from Ken Stabler to Cliff Branch that turned things around. An unusual drop of a Steve Spurrier bomb by Gene Washington late in the game proved costly to the 49ers.

As a result, the Raiders take a 4-1 pre-season record into Saturday's Berkeley clash with the New York Jets. The 0-5 49ers host the Los Angeles Rams Sunday.

For a while, upset seemed a possibility. A stout San Francisco defense smothered Stabler and a pair of Tom Wittum field goals gave the 49ers a 60 lead late in the second period.

Stabler then uncorked his bomb to Branch, who grabbed the ball on the San Francisco 36 and outraced cornerback Bruce Taylor to the end zone. George Blanda's conversion made it 7-6 at the half.

A crowd of 6,028 wagered \$286,480.

Johnny Bench then doubled down the left field line. Rose scored on the play but home plate umpire Jerry Dale called Morgan out at home on a close play as catcher Milt May took the throw from shortstop Roger Metzger

and applied the tag. The Reds stormed out of the dugout in protest and in the bottom of the inning Dale gave Anderson the thumb for continuing the argument.

"Position can be the only reason that Dale blew the play," Anderson said. "He had to be behind the catcher. Only way I can see. Other than that, I don't know what could have happened. I really don't.

"That's the maddest I've ever been. I saw the angle and I know Joe was by him before he got his glove down. Joe didn't get an inch or a foot - he got the whole plate.'

The Reds took a 2-0 lead with a run on Rose's double and Tony Perez' single in the first and Joe Morgan's lead off home run in the third.

Houston picked up a run in the bottom of the third when Larry Milbourne beat out a bunt, was sacrificed to second, went to third on a wild pitch and scored on Gross' grounder.

Houston went ahead 3-2 in the fifth on singles by Larry Howard and

Milbourne. A sacrifice, a run-scoring single by Gross and a squeeze bunt by Metzger

Doug Rader gave the Astros a 4-2 lead in the sixth with his 15th home run

of the season. Larry Dierker won his ninth game against eight losses with help from Ken

Forsch. Tom Carrol, 4-2 was the loser. "I told Sparky before the game we are going to be in the middle and decide whether Cincinnati or Los Angeles wins the National League West," Gomez said.

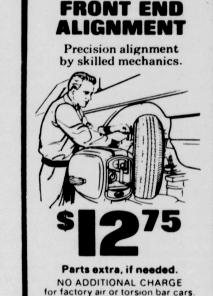

The Astros have five more games remaining with Cincinnati and six with Los Angeles.

### Land conquered with ski poles

WASHINGTON (AP) - The lost Sierra is an isolated corner of northeastern California that the '49ers penetrated for gold. In the beginning, most of them abandoned their diggings with the first heavy snowfall and retreated to the protection of the lowlands and valleys.

The Scandinavians jumping ship in San Francisco to join the gold rush taught them to make skis, and miners conquered a region that was snowbound for seven months of the year, with drifts as high as 40 feet.

The island of Newfoundland is separated from the mainland by the Strait of Belle Isle, about nine miles wide at the narrowest point.

## Pension bill wins Ford's signature

WASHINGTON (AP) - A pension revision bill covering some 30 million Americans workers was signed into

law by President Ford on Labor Day. Ford called the new law "a landmark measure that may finally give the American worker solid protection in his pension plan.'

"I don't think I've had a happier day," the President told a White House Rose Garden gathering of about 200 representatives of his Cabinet, Congress, business and labor.

Ford interrupted his Labor Day holiday with his family on their first visit to the presidential retreat at Camp David, Md., to helicopter to the White House for the signing.

The new law affects some 300,000 to 400,000 existing private pension plans and those that may be set up in the future. It's formal name: the Employe Retirement Income Security Act.

For the first time, it sets government standards for the funding and operation of such plans. It also contains provisions which guarantee the employe all the pension benefits to which he is entitled after no more than 15 years of service.

Each company is required to put enough money into its plan so that it is fully funded and able to pay all pensions when the benefits come due

The bill also creates a voluntary portability program under which an employe can carry pension rights from one job to another

### Crashes kill 515

By The Associated Press

Traffic accidents claimed 515 lives over the three-day weekend, the safest Labor Day observation in a dozen

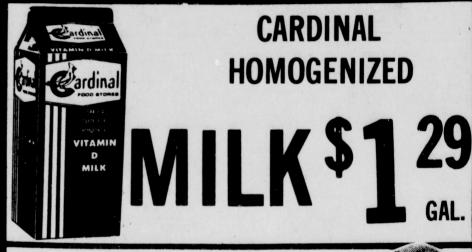

Cold, rainy weather over parts of the nation may have kept many travelers home and helped keep the toll below that of any Labor Day weekend since 1962, when 501 persons were killed.

The National Safety Council estimated before the holiday began that 450 to 550 persons might die in highway accidents, its lowest estimate for a Labor Day in more than 10 years. The council cited the new national speed limit of 55 miles per hour as the reason for the low estimate.

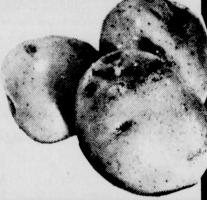

Last year 559 persons were killed during the Labor Day weekend. The record toll for a Labor Day holiday period was 688 in 1968.

The 78-hour holiday period began at 6 p.m. local time Friday and ended at midnight Monday local time.
